NATURAL PCOS HEALING PROTOCOL

A Proven 30-Day Herbal & Dietary Recovery Guide

Based on a 10-Year Personal PCOS Recovery Experience

MY 10-YEAR JOURNEY & HEALING TESTIMONY

Personal Story & Recovery Testimony:

For over 10 years, I suffered severely from Polycystic Ovary Syndrome (PCOS). My symptoms were heavy and debilitating: excess body hair, significant weight gain, sluggish thyroid function, and menstrual cycles delayed for over two months. When menstruation finally occurred, it resulted in severe, heavy bleeding accompanied by intense pain that lasted continuously for up to three months.

I consulted doctors and took prescribed medications, but they provided no relief—in fact, my pain intensified. I made a firm decision to transform my lifestyle and adopt a 100% natural, affordable, and easily accessible treatment protocol.

After following this natural protocol strictly for one month, I returned to my gynecologist for a follow-up ultrasound and examination. My doctor was shocked and asked: *"What did you do? The ovarian cysts are completely gone, your uterus is clean with no fluid/blood accumulation like last time, and you have lost 8 kilograms!"*

I shared that I stopped taking the medical pharmaceuticals and adhered solely to this natural regime. My bleeding had stopped gradually, my energy returned, and my period regulated naturally. The doctor advised me to keep continuing this natural remedy because my body responded remarkably well to it. Today, I am sharing this exact solution to help every woman struggling with PCOS.

PREPARATION & DAILY REGIMEN

1. Preparation Steps (Before Starting)

Fig & Olive Oil Infusion: Place organic dried figs into a clean glass jar. Submerge completely in organic extra virgin olive oil. Seal tightly and store at room temperature away from direct sunlight.

Mastic Hydration Water: Fill a 2.2-Liter water bottle with pure water and add 5 large pieces of organic Mastic gum. Keep at room temperature to allow gentle infusion.

2. Daily Routine Schedule

- **Upon Waking Up:** Drink 1 Liter of pre-infused Mastic water. Perform 30 minutes of targeted lower abdominal exercises.
- **Post-Workout Superfood:** Eat 1 dried fig (soaked in olive oil) along with 7 raw black seeds (*Nigella Sativa*).
- **Fasting Window:** Fast completely (no food) for 2 hours after taking the fig and black seeds.
- **Breakfast:** 1 slice of whole wheat brown toast topped with canned tuna or sardines, a light drizzle of extra virgin olive oil, 1 tsp turmeric powder, and 1 tsp ground black pepper. Serve with 1 cup of unsweetened organic green tea.
- **Lunch / Dinner (6 Hours Later):** Eat roasted or boiled pumpkin (squash).
- **Bedtime Protocol:** Drink 2 tablespoons of extra virgin olive oil. Massage a generous amount of warm olive oil over your lower abdominal area before sleep.
- **Hydration Goal:** Ensure you finish the entire 2.2L bottle of Mastic water daily.

TARGETED MENSTRUAL GUIDANCE & EMERGENCY PROTOCOLS

Delayed Period Relief Protocol (Delayed > 1 Month):

If your period is delayed for over a month, drink boiled Cinnamon & Clove tea (without sugar) twice daily. Simultaneously, soak your feet in warm-to-hot water for 30 minutes daily. Repeat this routine every day until your period starts, and continue through Day 3 of your cycle.

Heavy Bleeding / Hemorrhage Protocol:

In case of excessively heavy bleeding or prolonged hemorrhage, take 1 small piece daily of natural Myrrh resin (*Commiphora myrrha*) until the heavy flow normalizes and stops.

30-DAY DAILY EXECUTION TRACKER
